2018-2019

"SWACHATA HI SEVA"

On 26th October 2018, students of B.Sc. Nursing II Years and faculty members have a stride of rally on Swachata Abhiyan in Village Nihalpur Mundi. During this rally, various slogans were spoken publicly by the students like -

"जन जन का ये नारा हो, स्वच्छ शहर हमारा हो"

"स्वच्छ भारत का जन अभियान, जाग रहा है हिंदुस्तान,

गली, मोहल्ला और मकान, जन जन तक पहुंचे ये पैगाम"

Students have involved villagers and they went through the whole village to spread the awareness of Swachata.

After the rally participants cleaned the village with the help of villagers and collected dry garbage in blue dustbin and wet in green. Students also performed a role play in the assembly hall of Nihalpur Mundi in that they have included the hygienic practices, diseases which are mainly spread through unhygienic conditions and their preventions and importance of cleanliness for people specially children.

Villagers were very enthusiastically participated in the activity and asked so many things about the cleanliness. Total 45 students and 5 faculty members have participated in this activity under the guidance of Dr. Usha Ukande, Principal. Through these efforts Choithram College of Nursing trying to contribute in "SWACHA BHARAT ABHIYAN MISSION"

TREE PLANTATION

On August 18, 2019, Choithram College of Nursing organized a tree plantation drive to promote environmental sustainability and awareness among students and the local community. The event took place within the college premises and in the surrounding areas under the guidance of Principal Dr. Usha Ukande and NSS Program Officer Mrs. Rakhi Chandel.

50 NSS volunteers have participated and each one have planted one sapling with the pledge to take care of their plant.

2019-2020

WORLD ENVIRONMENT DAY 2020

On June 5th, Choithram College of Nursing organized a tree plantation drive to raise awareness about the importance of protecting our planet and taking action against environmental degradation. This initiative was based on the theme "Celebrating Biodiversity."

The primary objective of the tree plantation drive was to promote environmental sustainability, enhance biodiversity, and contribute to the fight against climate change by increasing green cover.

"Our environment is the foundation of our life"

Being an integral part of the environment, it is our responsibility that every individual contributes to preserving it. Students are the architects of the future. If we make them aware of the environment, we can make the future better. With this objective in mind, on 29/09/2022, the National Service Scheme unit of Choithram College of Nursing provided information to the students of the government school in Kalariya village about environmental protection and the future through a short film and attempted to make them sensitive towards this direction.

The short film demonstrated how the depletion of natural resources used by humans is increasing and showed simple ways to stop this.

Annual Environment Promotional Activities Report

2022-2023

Campus Cleaning

A clean environment promotes cleanliness, improves the level of cleanliness in the area, and helps reduce the spread of diseases. Maintaining a clean college environment sets a good example for students. As part of the cleanliness campaign, an NSS unit organized a clean campus campaign under the guidance of Dr. Professor Aradhana Michael and NSS Program Officer Professor Rakhi Chandel on 22 October 2022.

More than 100 students enthusiastically participated in cleaning the college campus. NSS volunteers enthusiastically collected plastic waste, dry leaves, and other garbage from the surrounding areas and disposed of it properly. Students were advised not to throw paper plates, water bottles, paper cups, tissues, and other unwanted items on the lawns, library, seating area, corridors, classrooms, pathways, and other open areas of the campus. The main idea of the cleanliness campaign was to raise awareness about the need to maintain cleanliness among people.

PHOTOS OF CAMPUS CLEANING

“Street Play on Environmental and Personal Hygiene”

As part of the project work of National Service Scheme on 03/10/2022, Nursing Students performed a street play on the topic of physical and environmental cleanliness, keeping in mind the rural problems. Through the street play, the villagers were made aware of cleanliness and the harm caused by not maintaining it.

The students performed the street play at the village square so that as many people as possible could benefit from it. During this time, the students also talked to the villagers and addressed their questions.

On the same day, the students also presented the street play at the government school, where more than 100 students and teachers were present.

"Project Cleanliness"

As part of the National Service Scheme (NSS) project work on 8/2/2023, the students demonstrated ways of cleaning and waste disposal in the area around the camp site.

The camp site was near a temple where people frequently come to worship and often dispose of waste there. There were no arrangements for waste disposal, and people's attitude towards it was not appropriate.

The students made the villagers aware of this issue and, with their cooperation, cleaned a 2-kilometer-long road and a 400-meter forest area. They also put-up signs to discourage littering in those areas.
